Program Renewal Fundamentals

- Builds and maintains trust;
- Negotiates key issues in advance;
- Attends to ethical considerations;
- Collects and analyzes evidence;
- Disseminates report to audiences;
- Assures that recommendations can be used in administrative action plans. ⁽²⁾

Basic Formal Program Renewal Process

- The **Formal Program Renewal** policy and process at VCC is conducted by a committee that ensures a collaborative partnership with Administration, Education Council (EDCo), and program faculty, staff, and students.
- The renewal committee may also collaborate with members (stakeholders) from public and private organizations representing the program (e.g. program advisory committees), external or internal curriculum and content experts and when needed, representatives from regulatory authorities responsible for graduate competence.

Formal Program Renewal Committee

- External Dean-
- Program Department Head-
- Dept-elected faculty member-

Purpose of Program Review and Renewal

- to **inform decision making**;
- to conduct **ongoing program reviews** once each year to assist in maintaining and improving program quality. ⁽²⁾

Formal Program Renewal Guiding Principles

- Program renewal is **forward** looking. ⁽²⁾
- Program renewal is a **robust** evaluation of the program's potential and needs for the future.
- Program renewal provides a **concise, honest appraisal** of a program's strengths and challenges in order to determine a plan to improve.

Ethical Considerations

- Renewal respondents including data from faculties, students, graduates, alumnae and clients (survey results, interviews, meeting minutes, visioning sessions, etc) will be pooled and individual names removed
- Assures confidentiality for these persons in the final distribution of paper and electronic reports and appendices.
